

Data Sheet

RESINFLOW 20

Reusable debulking breather & resin distribution medium

DESCRIPTION

Tygavac Resinflow 20 is a bi-planar mesh.

BENEFITS

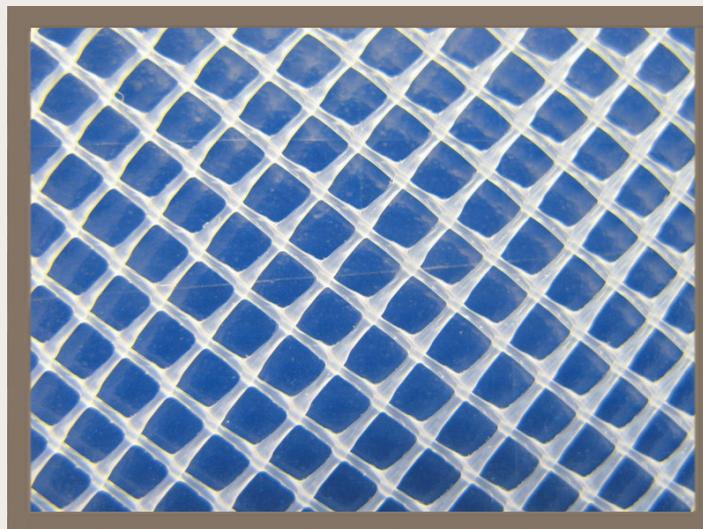

- Suitable for debulking without the requirement of a release film.
- Widely used as an infusion mesh.

TECHNICAL DATA

Material type	Polypropylene
Maximum use temperature	100°C
Approximate weight	180 g/m ²
Configuration of net	Extruded
Nominal thickness	1.2 mm
Colour	Clear
Shelf life	Unlimited when stored in original packaging at 22°C

SIZES

Thickness	Width	Length
1.2 mm	1.0 m	100 m rolls

NOTES

- This product does not fray when cut or roll up at the ends.
- The maximum use temperature is dependent upon the duration at maximum temperature and is process specific, Tygavac recommends testing prior to use.
