

## Data Sheet

## DAHLVAC RC VACUUM HOSE

Vacuum manifold for resin infusion

### DESCRIPTION

Dahlvac RC Vacuum Hose is an easy to use vacuum source designed for resin infusion. The internal spiral tube provides good vacuum flow and the outer layer of Dahltextx® SP-2 allows breathability while preventing resin from entering the vacuum channel.

### BENEFITS

- Easy to use and simplifies the infusion process.
- Highly breathable while preventing resin from entering the vacuum source.
- Aids in uniform resin distribution.

### TECHNICAL DATA

Material type	Dahltextx® SP-2 fabric with PE Spiral Wrap
Colour	Blue
Maximum recommended use temperature	121°C

### SIZES

Width	Length
1.27 cm	50m

### NOTES

- Other sizes available on request. Minimum order required.
- The maximum use temperature is dependent upon the duration at maximum temperature and is process specific, Airtech recommends testing prior to use.
